Job Description: WordPress Developer

Company: Fishtail Infosolutions Pvt. Ltd.

Location: On-site

Open Positions: 1

Employment Type: Full-time

About Us

Fishtail Infosolutions Pvt. Ltd. is a growing digital solutions company with a team of 75+ employees, delivering services in Content, SEO, Website Development, and Creative Design. We specialize in building modern, scalable, and high-performance websites tailored to business needs. Our team works closely with real-world products, business flows, and client-driven requirements using modern development practices and tools.

We are currently looking for a WordPress Developer to join our on-site development team and contribute to client websites and web projects.

Role Overview

The WordPress Developer will be responsible for developing, customizing, and maintaining WordPress websites, themes, and plugins. This role is suitable for candidates with 1-2 years of experience in WordPress development who have a strong understanding of responsive design, website performance, and real-world client requirements.

Key Responsibilities

- Develop, customize, and maintain WordPress websites, themes, and plugins.
- Build responsive, user-friendly websites using Elementor, Gutenberg, and custom coding.
- Work on WooCommerce websites, landing pages, and business websites.
- Optimize websites for speed, security, and SEO.
- Fix bugs, update plugins and themes, and provide regular website maintenance.
- Work on hosting, domain setup, cPanel, and website migration when required.
- Collaborate with designers and project managers to deliver projects on time.
- Ensure cross-browser compatibility and a consistent user experience across devices.
- Participate in team discussions, project planning, and technical reviews.

Requirements

Experience

- 1-2 years of experience in WordPress development.
- Bachelor's degree in IT, Computer Science, or a related field is preferred.

Technical Skills

- Strong knowledge of WordPress, PHP, HTML, CSS, JavaScript, and MySQL.
- Experience with Elementor, WooCommerce, and popular WordPress plugins.
- Knowledge of cPanel, hosting, domain setup, and website migration.
- Understanding of website speed optimization, security, and basic SEO practices.
- Good problem-solving skills and attention to detail.

Mandatory:
Online portfolio or previous work links showcasing your WordPress websites.

Soft Skills

- Strong analytical and problem-solving skills.
- Ability to understand requirements and translate them into functional websites.
- Good communication and collaboration skills.
- Willingness to learn and adapt to new technologies.
- Ability to work effectively in an on-site team environment.

What You Will Gain

- Opportunity to work on diverse, real-world client projects.
- Hands-on experience with modern WordPress tools and workflows.
- Collaboration with experienced developers and cross-functional teams.
- Friendly and professional, growth-oriented work environment.
- Lunch facility and other benefits as per company policy.
- Long-term career growth based on performance.
